## Previous Feedback...

*"Excellent conference! Opportunities such as this for viewing the research of others, identifying opportunities for collaboration with scholars from around the world, and simply enjoying the intellectual stimulation of outstanding plenary and technical paper sessions are so important to the advancement of the profession."* R. Wayne Headrick, New Mexico State University, USA

*"If I should describe in one word my personal experience from attending the past ICOQM, it is terrific. From organisation, paper contributions to venue, there is quality."* Nelson Oly Ndubisi, Monash University Malaysia

*"I was so impressed by the organization of the conference, the diversity of participants and their expertise in the various fields. The conference was a great success."* Marielle Patronis, Zayed University, UAE

*"The event was very interesting and it was a good opportunity to develop new contacts in the decision science community."* Santiago Castro, Cogentus Consulting Ltd., London, United Kingdom

*"It was a memorable experience for me in attending the AIMS-6 conference in December, 2008. Not only did I get an opportunity to listen to the latest developments in the domain of management research, I also made some very valuable friendships with reputed academicians!".* Deepak Kapur, IMT, Ghaziabad, India

Dubai is one of the seven emirates of the United Arab Emirates (UAE) and one of the country's main cities. It is considered to be an important tourist destination and its port, Jebel Ali, has the largest man-made harbor in the world. Dubai is also increasingly developing as a hub for service industries such as IT and finance. *Visitors from all over the world get an unforgettable experience in Dubai!*

## CALL FOR PAPERS

In today's globalized world of business, every organization needs to compete globally to survive and grow. Effective Management equipped with advanced technology is widely accepted to be a key factor in making organizations successful. Technology and Management both are truly two pillars of success not just for business, for all organizations, government, public sector, non-profit, and others.

The purpose of this conference is to provide a forum that stimulates discussion on the conference theme and topics related with the theme. The conference will also provide opportunities for networking and collaboration amongst scholars from academia, industry and government.

In addition to papers on the conference theme, the scholars are also encouraged to submit papers on any aspect of management and technology such as accounting, marketing, finance, OB, HRM, MIS, quantitative methods, technology management, energy, operations, economics, entrepreneurship, information technology developments, Islamic banking and finance, sustainable developments in developing countries, crisis management, food security management, etc...

## American University in the Emirates

الجامعة الأمريكية من الإمارات  
American University in the Emirates

The American University in the Emirates (AUE) is an aspiring leader in the field of domestic and international education. It offers undergraduate, graduate, and professional programs that encourage students to be proactive, reflective and critical thinkers and researchers. AUE students are deemed to be a curious, fully engaged community, who embrace their own culture and are responsive to other cultures and views. AUE values its hard-earned reputation for quality, high standards, and pedagogical leadership. The university promotes intercultural understanding and respect, not as an alternative to a sense of cultural and national identity, but as an essential part of the 21st century environment. The university is motivated by a sense of direction to create a better world through education.
